Training in Mathematics

This training is
free

2019 / 2020

Department
for Education

What is TSST in Maths?

- ✓ It is designed to improve the maths subject knowledge of **non-specialist teachers by offering school-led teacher subject specialism training**. It would suit **non-specialist teachers** who could potentially teach maths in addition to their main subject and also for **teachers who wish to re-train or extend their current experience to teaching maths**.
- ✓ It would provide training to colleagues from primary schools wishing to upskill their teaching of **Maths**
- ✓ It provides **support to teachers wishing to return to the profession** through access to subject

Mathematical content

- ✓ Four modules covered: **Number; Algebra; Shape, Space and Measure; Handling Data – Updated for the maths 2017 curriculum**.
- ✓ Sessions include maths content and also '**pedagogical content knowledge**'.

Delivery

- ✓ The training will be **extensive, running from November 2019 to June 2020**.
- ✓ Delivered St Bede's Lanchester, St Anthony's Sunderland and Pennine Way Primary, Cumbria
- ✓ We will offer a 'blended' learning experience:
 - **16 face to face Twilight sessions** of high quality instruction, facilitated by outstanding maths teachers/SLEs/Lead Practitioners;
 - Comprehensive **E-Learning** provided by the '**Centre for Innovation in Maths Teaching**' at Plymouth University with Masters Level credits - worth £910.

Our launch event and initial twilight session will take place in October 2019

Please note, to gain accreditation through this course there is a requirement for participants to attend the 16 Twilight sessions and also to pass on-line tests.

Please register via our website: www.stbedes-tsa.co.uk
